no. 3
Kongero
Dimma Sweden
2014

"Fifteen phenomenal songs with Kongero, Lotta, Emma, Anna and Lovisa, better than ever, I dare say. It's nicely done, so personal and varied that it'll blow your mind. Fine original compositions mixed with hymns and ballads. And the Northern Train for four voices. Impressive!"

- Peter Ahlbom, Spelmannen Magazine

Bakvända Världen
Kongero
Dimma Sweden
2011

"Smiling. Four voices. And all pulling in the same expanding direction. Space and telling stories characterizes "Bakvända Världen" which is as beautiful as it is subtle. Despite the intricate arrangements and dense harmonies, the ensemble sounds relaxed and joyful, and every voice functions equally well as soloist and accompanist."

- Anna Wallentin, Corren

Om Mikaelidagen
Kongero
Dimma Sweden
2008

"The four singers shine in their vocal harmonies; their different voice qualities produce a beautiful tapestry of folklore, with all the notes softly and securely woven into the fabric. Kongero easily switches between the lively rhythmic polyphony and more delicate sacred melodies. Their vocal technical skills, combined with an irresistible playfulness, make their album a pure delight for the mind."

- Lovisa Eriksson, NWT
